CAREER OBJECTIVE

Full Stack Developer with practical experience building production web applications using React JS, Node JS and RESTful APIs. Currently focused on expanding my back-end development expertise with PostgreSQL Prisma and Go, with a strong interest in building scalable and reliable software systems.

EXPERIENCE:

Softvence Agency

Front-End Developer | October 2025 – October - 2026

- Developed and delivered multiple production web apps including e-commerce and dashboard systems
- Collaborated with back-end team to design RESTful APIs and improve system scalability
- Led projects and coordinated development teams to ensure timely and successful delivery

SKILLS

Language & Frontend: JavaScript | Typescript | React JS | Next JS | Tailwind

Backend & Database: Node JS | Express JS | Fastify | MongoDB | PostgreSQL | Prisma | Drizzle

Testing & DevOps: Vitest | React Testing Library | Ci/CD | GitHub Actions | VPS Deployment | AWS

PROJECTS

Whistle Works (Referee Camp Management Platform)

[Live Link](#) [GitHub Client](#)

A live sports referee camp management platform serving **2,000+ active users**.

Technologies used: React | Tailwind CSS | TanStack Query | Laravel | MySQL | Stripe | Google Maps API | CI/CD

- Developed role-based dashboards for Camp Directors, Evaluators, and Referees, with tailored workflows and access controls.
- Implemented Stripe Connect split payments, allowing Directors to receive camp fees directly while platform collects software fees.
- Implemented camp scheduling, roster management, evaluations, rankings, notification and export functionality

United Pets (Pet Adoption Platform)

[Live Link](#) [GitHub Client](#) [GitHub Server](#)

Technologies used: React | Tailwind CSS | Node.js | Express.js | MongoDB | Nodemailer | Stripe | PWA

- Users can add pets for adoption and browse available pets to adopt, with real-time status updates and adoption requests.
- Registered users can create and manage donation campaigns for pets in need, with goal tracking and progress visualization, and secure contributions via Stripe.
- Implemented Progressive Web App (PWA) support, enabling users to install the app on their devices and use it offline like a native application.

Education

Narayanganj College

BBA in Marketing (2024 - Present)

Language

- Bangla – Native
- English – Fluent
